EDUCATION

University of Bristol – BSc Mathematics

Sep 2025 – Aug 2028

- Year 1 Average: 68% (2:1)
- Relevant Modules: Linear Algebra; Analysis; Probability & Statistics; Mathematical Programming; Statistics 2; Applied PDEs
- Skills Acquired: statistical analysis, mathematical modelling, proof-based reasoning, technical communication, programming

Barton Peveril Sixth Form College

Sep 2023 – Aug 2025

- A-Levels: Mathematics (A*), Further Mathematics (A), Computer Science (A)
- Activities: Gold in UKMT Senior Maths Challenge (2x); Senior Kangaroo (2x); First Tech Challenge Robotics Team

Cantell School

Sep 2018 – Aug 2023

- 10 GCSEs: six grade 9s and four grade 8s including Mathematics (9), Further Mathematics (9), English Language (8), English Literature (8)

PROJECTS

Confidence Regions in fMRI – University of Bristol

Jun 2026 – Present

- Implemented simulation-based methods for evaluating statistical confidence regions in fMRI, measuring empirical coverage against target confidence levels across varying sample sizes
- Evaluated empirical coverage and simulation runtime across varying sample sizes using NumPy and Matplotlib, investigating the trade-off between statistical accuracy and computational cost

Upper Limb Activity in Prosthesis Users – University of Southampton

Sep 2024

- Developed a Streamlit web application to stream and visualise live data from 6 sensors across both arms, enabling assessment of upper-limb activity and arm reliance in prosthesis users using Python and Matplotlib

The Mathematics Behind Encryption – Barton Peveril Sixth Form College

May 2024 – Jul 2024

- Developed and presented a mathematical analysis of RSA encryption and Shor's algorithm to 30 students and teachers, including heads of department, using LaTeX for mathematical derivations

WORK EXPERIENCE

Social Media Team Lead – LifeLab, University of Southampton

Nov 2023 – Present

- Mentored a group of five 16–18-year-old students in content creation, social media analytics and public health communication, and created a 30-part short-form series of young-person-led interviews with scientists at the Biomedical Research Centre
- Led Instagram and TikTok content strategy, produced 60+ posts and short-form videos reaching approximately 3,000 viewers, and established LifeLab's TikTok presence and grew its Instagram following from less than 40 to approximately 450

NHS Medical Receptionist – Burgess Road GP Surgery

Aug 2023 – Aug 2025

- Managed 100+ patient calls and approximately 90 appointments on high-volume days at a 10,000+ patient GP surgery, coordinating with patients and a multidisciplinary team of 20 doctors, nurses and administrative staff
- Used SystemOne to maintain accurate patient records and process over 30 prescription requests in a shift, liaising with healthcare providers and pharmacies

EXTRACURRICULAR ACTIVITIES

Captain – UoB Kickboxing Society (Bristol SU Gold-accredited)

May 2026 – Present

- Coached up to 8 weekly beginner, intermediate and advanced sessions for a 200-member society
- Organised inter-university competitions and events, including Fight Night with 20 fighters from 5 universities

Vice President & Band Director – UoB Punjabi Society

May 2026 – Present

- Co-organised weekly social events for a 100-member society, working with 10 Bristol-based sponsors
- Directed the live band and coordinated performances for audiences of 50+ at university formals

ADDITIONAL INFORMATION

Programming: Python (NumPy, Matplotlib, Streamlit); R; MATLAB; C#

Tools & Methods: Git/GitHub; LaTeX; statistical analysis; simulation; data visualisation

Languages: English (Native); Punjabi (Fluent); Hindi (Fluent); French (Conversational)

Interests: Running; Trinity Rock & Pop Grade 8 Guitar; songwriting, live performance and music production
